FOREWORD

The Canada Pension Plan (CPP) which came into force on the 1st of January 1966 is a contributory, earnings-related social insurance program. It ensures a measure of protection to a contributor and his or her family against the loss of income due to retirement, disability and death. The plan operates throughout Canada except in Quebec which has its own similar program the Quebec Pension Plan (QPP). The QPP is closely associated with the CPP and both plans are operated and coordinated through a series of agreements between the federal and Quebec governments. Benefits from either plan are based on pension credits accumulated under both, as if only one plan exists.

The CPP covers nearly all employed and self-employed persons in Canada (except Quebec) who are at least age 18, and under age 70 and not in receipt of a retirement or disability pension under the CPP and who earn more than a minimum level of earnings in a calendar year. This minimum level, which changes annually, is known as the Year's Basic Exemption (YBE). In 1993 the YBE was \$3,300.00.

Contributions are made on the portion of an individual's annual earnings above the YBE and up to a ceiling known as the Year's Maximum Pensionable Earnings (YMPE). The YMPE is approximately the average Canadian wage and was \$33,400 in 1993. The YBE is 10 percent of the YMPE.

From 1966 to 1986, employees contributed 1.8 percent of covered earnings and their employers paid a matching contribution. Self-employed persons contributed at the rate of 3.6 percent on the same range of annual earnings. Under current provisions of the CPP legislation, the contribution rates began to increase annually in 1987, by 0.1 percent for employees as well as employers and 0.2 percent for self-employed persons.

The rates of contribution will continue to rise in accordance with a 25-year schedule of rates which is reviewed and updated every five years by federal and provincial finance ministers.

AVANT-PROPOS

Le Régime de pensions du Canada (RPC), qui est entré en vigueur le 1^{er} janvier 1966, est un régime d'assurance sociale contributif fondé sur les gains. Il protège un cotisant et sa famille contre la perte de revenu attribuable à la retraite, à l'invalidité et au décès. Le Régime est applicable dans tout le Canada, à l'exception du Québec, qui a un programme similaire, soit le Régime de rentes du Québec (RRQ). Le RRQ est étroitement lié au RPC et les opérations des deux régimes sont coordonnées par une série d'accords entre le gouvernement fédéral et celui du Québec. Les prestations sont fondées sur les crédits de pension accumulés dans le cadre des deux régimes, comme s'il n'existait qu'un seul régime.

Le RPC s'adresse à presque toutes les personnes salariées ou travaillant à leur propre compte au Canada (sauf au Québec) qui sont âgées d'au moins 18 ans, mais de moins de 70 ans, et qui ne reçoivent pas une pension de retraite ou d'invalidité du RPC et dont les gains, au cours d'une année civile, dépassent le niveau minimal des gains prévu. Ce niveau minimal des gains, qui change chaque année, est appelé exemption de base de l'année (EBA). En 1993, l'EBA était de 3 300,00 \$.

Des cotisations sont prélevées sur la tranche des gains annuels d'un particulier compris entre l'EBA et un plafond prescrit qui est le maximum des gains annuels ouvrant droit à pension (MGAP). Le MGAP est approximativement équivalent au salaire moyen canadien, et il était de 33 400,00 \$ en 1993. L'EBA correspond à 10 p. 100 du MGAP.

De 1966 à 1986, les employés versaient une cotisation de 1,8 p. 100 des gains assurés et leur employeur versait une cotisation égale. Les cotisations des travailleurs autonomes s'élevaient à 3,6 p. 100, sur la même tranche des gains annuels. En vertu des présentes dispositions législatives du RPC, les taux de cotisation ont commencé à augmenter annuellement en 1987, soit de 0,1 p. 100 pour les employés de même que les employeurs et de 0,2 p. 100 pour les travailleurs autonomes.

Les taux de cotisation continueront d'augmenter graduellement dans le cadre du calendrier actuel de 25 ans des taux de cotisation qui est revu et mis à jour tous les cinq ans par les ministres fédéral et provinciaux des Finances.

In 1993, employees contributed 2.5 percent of covered earnings and their employer paid a matching contribution. Self-employed persons contributed at the rate of 5.0 percent on the same range of annual earnings.

Contributions to the Canada Pension Plan have been made by employees, employers and self-employed people since the Plan became effective in January 1966. These contributions, together with interest earned on the investment of contributions, completely finance all benefits and all costs incurred in the administration of the Plan.

Given the importance of the role of contributions to the CPP, it was felt that the publication of detailed statistics on contributors and contributions would be of value and interest to many.

En 1993, les employés ont versé une cotisation de 2,5 p. 100 de leurs gains assurés et leur employeur a versé une cotisation équivalente. Les travailleurs autonomes ont cotisé au taux de 5,0 p. 100 sur la même tranche des gains annuels.

Les cotisations au Régime de pensions du Canada sont versées par les salariés, les employeurs et les personnes travaillant à leur propre compte, depuis l'entrée en vigueur du Régime en janvier 1966. Ces cotisations et les intérêts sur l'investissement de ces cotisations financent entièrement les paiements des prestations et toutes les dépenses engagées pour l'administration du Régime.

Vu l'importance du rôle des cotisations au RPC, il est permis de croire à l'utilité et à l'intérêt que peut représenter la publication de statistiques détaillées sur les cotisants et leurs cotisations.

INTRODUCTION

The present publication is made available to all levels of government, social security organizations and the private sector.

In addition to the information on persons who made contributions to the Canada Pension Plan in the year 1993, this year's publication also contains historical data dating from 1966 on the most often requested information.

The data appearing in this publication were compiled as aggregates of records from the Canada Pension Plan Record of Earnings, which contains the information on the earnings and contributions of each contributor. Individual details are held in strict confidence.

The tables that follow include information on the number of contributors and the amount of contributions paid, distributed by sex, age, earnings level, employment status and by province. The information in these tables is taken from earnings data and should not be mistaken for contributor information available from income data, which includes other sources such as pensions, interest and other investment income.

The symbol (-) is used to denote a number less than three in the tables on the number of contributors, and nil or less than the number of digits used in the other tables.

Those persons whose age, sex and/or province is not known have been excluded from this publication. Those persons represent less than 0.0001 % of all contributors.

INTRODUCTION

La présente publication est mise à la disposition de tous les niveaux de gouvernement, des organismes de sécurité sociale et du secteur privé.

En plus de présenter des renseignements sur les personnes qui ont contribué au Régime de pensions du Canada durant l'année 1993, la publication de cette année contient des données historiques datant de 1966 sur les renseignements les plus en demande.

Les données de la présente publication ont été compilées à partir de l'ensemble des inscriptions au Registre des gains du Régime de pensions du Canada; ce dernier contient les renseignements sur les montants des gains et des cotisations de chaque cotisant. Les renseignements particuliers sont strictement confidentiels.

Les tableaux qui suivent contiennent des renseignements sur le nombre de cotisants et le montant des cotisations versées, selon le sexe, l'âge, le niveau des gains, l'état relatif à l'emploi et la province. Les renseignements fournis dans ces tableaux sont tirés de données sur les gains et ne doivent pas être considérés comme provenant de données sur les revenus qui comprennent d'autres sources telles que les revenus de pensions, d'intérêts et d'autres investissements.

Le symbole (-) est utilisé pour indiquer un nombre inférieur à trois dans les tableaux sur le nombre de cotisants ainsi qu'un nombre nul ou inférieur à l'unité utilisée dans les autres tableaux.

Les cotisants dont l'âge, le sexe et/ou la province de résidence ne sont pas connus ont été exclus de la présente publication. Ces personnes représentent moins de 0,0001 % de l'ensemble des cotisants.

Definitions and Terminology

Contributor:

To contribute to the Plan, a person must be at least age 18, under age 70 and not be in receipt of a retirement or disability pension under the Canada Pension Plan. In addition, earnings for the year must exceed \$3,200 or this amount adjusted in line with the portion of the year the individual was a contributor.

Employment Status:

A contributor having earnings only from salary and wages is considered an "employee". Contributors having only earnings from self-employment are classified as "self-employed". If a contributor has both employment and self-employment earnings, he is classified as "mixed".

Contributions:

In 1993, contributions were payable on earnings between \$3,200 and \$32,200 for both employees and the self-employed. Employees contribute at the rate of 2.4% with a matching contribution being made by their employers. Self-employed persons contribute at the rate of 4.8%. Thus, in 1993 the maximum contribution payable by an employee was \$696.00 and \$1,392.00 by a self-employed person.

Earnings:

Earnings are essentially salaries from wages of employees and earnings from self-employment on which CPP contributions are made. Earnings do not include income from investments or pensions.

Average Earnings:

Average of the earnings shown in the Record of Earnings. However, contributor having earnings of \$100,000 or over are considered as having earnings of \$99,999 for the purposes of the average.

Median Earnings:

The value of the distribution of earnings which divides the number of contributors into two equal parts, or the amount of earnings above which 50% of the contributors are located and below which the other 50% are located.

Définitions et terminologie

Cotisant :

Pour être cotisant au Régime, une personne doit être âgée d'au moins 18 ans, mais de moins de 70 ans, et ne pas recevoir une pension de retraite ou d'invalidité du Régime de pensions du Canada. De plus, les gains pour l'année doivent être supérieurs à 3 200 \$ ou à ce montant ajusté en fonction de la partie de l'année pour laquelle le particulier a été cotisant.

État relatif à l'emploi :

Un cotisant est considéré comme étant «salarié» si ses gains proviennent seulement de traitements et de salaires. Un cotisant ayant des gains provenant seulement d'un travail à son propre compte est classifié comme étant «travailleur autonome». Si un cotisant a des gains provenant à la fois de traitements et de salaires ainsi que d'un travail à son propre compte, il est classifié comme étant «mixte».

Cotisations :

En 1993, les gains cotisables étaient les gains compris entre 3 200 \$ et 32 200 \$, tant pour les travailleurs salariés que les travailleurs autonomes. Les travailleurs salariés versent une cotisation correspondant à 2,4% de leurs gains, et leurs employeurs en font autant. Les travailleurs autonomes ont un taux de cotisation de 4,8%. Ainsi, en 1993, la cotisation maximale payable par un employé était de 696,00 \$ et celle d'un travailleur autonome, de 1 392,00 \$.

Gains :

Revenus sur lesquels des cotisations au Régime de pensions du Canada ont été prélevées. Ces gains sont essentiellement des salaires et des traitements ainsi que des gains provenant d'un travail autonome. Les gains ne comprennent donc pas les revenus provenant d'investissements ou de pensions.

Moyenne des gains :

Moyenne des gains inscrits au registre des gains. Cependant, les cotisants dont les gains sont de 100 000 \$ ou plus sont considérés comme ayant des gains de 99 999 \$ pour le calcul de la moyenne.

Médiane des gains :

La valeur de la distribution des gains qui divise le nombre de cotisants en deux parties égales, ou le montant des gains au-dessus et au-dessous duquel se situent 50% des cotisants.

Age:

Refers to the age of the contributor at the end of the calendar year.

Province:

Many contributors have earnings in more than one province. To avoid multiple counting of these contributors, all earnings were considered to have been made in the province in which the greatest amount was earned.

The figures shown for the province of Quebec relate only to contributions of certain federal employees (members of Canadian Armed Forces for example) who reside in Quebec.

In the section presenting the distribution of the number of contributors by earnings level and by age, provincial details have not been included for Quebec, N.W.T., Yukon and "Outside Canada" because of the small numbers in these areas.

Âge :

L'âge utilisé est celui du cotisant à la fin de l'année civile.

Province :

Un grand nombre de cotisants ont des gains dans plus d'une province. Afin d'éviter de compter plus d'une fois ces cotisants, on considère que tous leurs gains ont été accumulés dans la province où ils ont gagné le plus.

Les données présentées pour la province de Québec ne concernent que les cotisations versées par certains employés fédéraux (par exemple, les membres des Forces armées canadiennes) résidant au Québec.

Dans la section présentant la distribution du nombre de cotisants par niveau des gains et par âge, les tableaux donnant les détails sur le Québec, les Territoires du Nord-Ouest, le Yukon et l'extérieur du Canada ont été exclus en raison du petit nombre de cotisants dans ces régions.

FOREWORD

The Canada Pension Plan (CPP) which came into force on the 1st of January 1966 is a contributory, earnings-related social insurance program. It ensures a measure of protection to a contributor and his or her family against the loss of income due to retirement, disability and death. The plan operates throughout Canada except in Quebec which has its own similar program the Quebec Pension Plan (QPP). The QPP is closely associated with the CPP and both plans are operated and coordinated through a series of agreements between the federal and Quebec governments. Benefits from either plan are based on pension credits accumulated under both, as if only one plan exists.

The CPP covers nearly all employed and self-employed persons in Canada (except Quebec) who are at least age 18, and under age 70 and not in receipt of a retirement or disability pension under the CPP and who earn more than a minimum level of earnings in a calendar year. This minimum level, which changes annually, is known as the Year's Basic Exemption (YBE). In 1994 the YBE was \$3,400.00.

Contributions are made on the portion of an individual's annual earnings above the YBE and up to a ceiling known as the Year's Maximum Pensionable Earnings (YMPE). The YMPE is approximately the average Canadian wage and was \$34,400 in 1994. The YBE is 10 percent of the YMPE.

From 1966 to 1986, employees contributed 1.8 percent of covered earnings and their employers paid a matching contribution. Self-employed persons contributed at the rate of 3.6 percent on the same range of annual earnings. Under current provisions of the CPP legislation, the contribution rates began to increase annually in 1987, by 0.1 percent for employees as well as employers and 0.2 percent for self-employed persons.

The rates of contribution will continue to rise in accordance with a 25-year schedule of rates which is reviewed and updated every five years by federal and provincial finance ministers.

AVANT-PROPOS

Le Régime de pensions du Canada (RPC), qui est entré en vigueur le 1^{er} janvier 1966, est un régime d'assurance sociale contributif fondé sur les gains. Il protège un cotisant et sa famille contre la perte de revenu attribuable à la retraite, à l'invalidité et au décès. Le Régime est applicable dans tout le Canada, à l'exception du Québec, qui a un programme similaire, soit le Régime de rentes du Québec (RRQ). Le RRQ est étroitement lié au RPC et les opérations des deux régimes sont coordonnées par une série d'accords entre le gouvernement fédéral et celui du Québec. Les prestations sont fondées sur les crédits de pension accumulés dans le cadre des deux régimes, comme s'il n'existait qu'un seul régime.

Le RPC s'adresse à presque toutes les personnes salariées ou travaillant à leur propre compte au Canada (sauf au Québec) qui sont âgées d'au moins 18 ans, mais de moins de 70 ans, et qui ne reçoivent pas une pension de retraite ou d'invalidité du RPC et dont les gains, au cours d'une année civile, dépassent le niveau minimal des gains prévu. Ce niveau minimal des gains, qui change chaque année, est appelé exemption de base de l'année (EBA). En 1994, l'EBA était de 3 400,00 \$.

Des cotisations sont prélevées sur la tranche des gains annuels d'un particulier compris entre l'EBA et un plafond prescrit qui est le maximum des gains annuels ouvrant droit à pension (MGAP). Le MGAP est approximativement équivalent au salaire moyen canadien, et il était de 34 400,00 \$ en 1994. L'EBA correspond à 10 p. 100 du MGAP.

De 1966 à 1986, les employés versaient une cotisation de 1,8 p. 100 des gains assurés et leur employeur versait une cotisation égale. Les cotisations des travailleurs autonomes s'élevaient à 3,6 p. 100, sur la même tranche des gains annuels. En vertu des présentes dispositions législatives du RPC, les taux de cotisation ont commencé à augmenter annuellement en 1987, soit de 0,1 p. 100 pour les employés de même que les employeurs et de 0,2 p. 100 pour les travailleurs autonomes.

Les taux de cotisation continueront d'augmenter graduellement dans le cadre du calendrier actuel de 25 ans des taux de cotisation qui est revu et mis à jour tous les cinq ans par les ministres fédéral et provinciaux des Finances.

In 1994, employees contributed 2.6 percent of covered earnings and their employer paid a matching contribution. Self-employed persons contributed at the rate of 5.2 percent on the same range of annual earnings.

Contributions to the Canada Pension Plan have been made by employees, employers and self-employed people since the Plan became effective in January 1966. These contributions, together with interest earned on the investment of contributions, completely finance all benefits and all costs incurred in the administration of the Plan.

Given the importance of the role of contributions to the CPP, it was felt that the publication of detailed statistics on contributors and contributions would be of value and interest to many.

En 1994, les employés ont versé une cotisation de 2,6 p. de leurs gains assurés et leur employeur a versé une cotisation équivalente. Les travailleurs autonomes ont cotisé au taux de 5,2 p. 100 sur la même tranche des gains annuels.

Les cotisations au Régime de pensions du Canada sont versées par les salariés, les employeurs et les personnes travaillant à leur propre compte, depuis l'entrée en vigueur du Régime en janvier 1966. Ces cotisations et les intérêts sur l'investissement de ces cotisations financent entièrement les paiements des prestations et toutes les dépenses engagées par l'administration du Régime.

Vu l'importance du rôle des cotisations au RPC, il est permis de croire à l'utilité et à l'intérêt que peut représenter la publication de statistiques détaillées sur les cotisants et les cotisations.

INTRODUCTION

The present publication is made available to all levels of government, social security organizations and the private sector.

In addition to the information on persons who made contributions to the Canada Pension Plan in the year 1994, this year's publication also contains historical data dating from 1966 on the most often requested information.

The data appearing in this publication were compiled as aggregates of records from the Canada Pension Plan Record of Earnings, which contains the information on the earnings and contributions of each contributor. Individual details are held in strict confidence.

The tables and graphs that follow include information on the number of contributors and the amount of contributions paid, distributed by sex, age, earnings level, employment status and by province. The information in these tables and graphs is taken from earnings data and should not be mistaken for contributor information available from income data, which includes other sources such as pensions, interest and other investment income.

The symbol (-) is used to denote a number less than three in the tables on the number of contributors, and nil or less than the number of digits used in the other tables.

Those persons whose age, sex and/or province is not known have been excluded from this publication. Those persons represent less than 0.0001% of all contributors.

INTRODUCTION

La présente publication est mise à la disposition de tous les niveaux de gouvernement, des organismes de sécurité sociale et du secteur privé.

En plus de présenter des renseignements sur les personnes qui ont contribué au Régime de pensions du Canada durant l'année 1994, la publication de cette année contient des données historiques datant de 1966 sur les renseignements les plus souvent demandés.

Les données de la présente publication ont été compilées à partir de l'ensemble des inscriptions au Registre des gains du Régime de pensions du Canada; ce dernier contient des renseignements sur les montants des gains et des cotisations de chaque cotisant. Les renseignements particuliers sont strictement confidentiels.

Les tableaux et graphiques qui suivent contiennent des renseignements sur le nombre de cotisants et le montant des cotisations versées, selon le sexe, l'âge, le niveau des gains, l'état relatif à l'emploi et la province. Les renseignements fournis dans ces tableaux et graphiques sont tirés de données sur les gains et ne doivent pas être considérés comme provenant de données sur les revenus, qui comprennent d'autres sources telles que les revenus de pensions, d'intérêts et d'autres investissements.

Le symbole (-) est utilisé pour indiquer un nombre inférieur à trois dans les tableaux sur le nombre de cotisants ainsi qu'un nombre nul ou inférieur à l'unité utilisée dans les autres tableaux.

Les cotisants dont l'âge, le sexe et/ou la province de résidence ne sont pas connus ont été exclus de la présente publication. Ces personnes représentent moins de 0,0001% de l'ensemble des cotisants.

Definitions and Terminology

Contributor:

To contribute to the Plan, a person must be at least age 18, under age 70 and not be in receipt of a retirement or disability pension under the Canada Pension Plan. In addition, earnings for the year must exceed \$3,400 or this amount adjusted in line with the portion of the year the individual was a contributor.

Employment Status:

A contributor having earnings only from salary and wages is considered an "employee". Contributors having only earnings from self-employment are classified as "self-employed". If a contributor has both employment and self-employment earnings, he is classified as "mixed".

Contributions:

In 1994, contributions were payable on earnings between \$3,400 and \$34,400 for both employees and the self-employed. Employees contribute at the rate of 2.6% with a matching contribution being made by their employers. Self-employed persons contribute at the rate of 5.2%. Thus, in 1994 the maximum contribution payable by an employee was \$806.00 and \$1,612.00 by a self-employed person.

Earnings:

Earnings are essentially salaries from wages of employees and earnings from self-employment on which CPP contributions are made. Earnings do not include income from investments or pensions.

Average Earnings:

Average of the earnings shown in the Record of Earnings. However, contributor having earnings of \$100,000 or over are considered as having earnings of \$99,999 for the purposes of the average.

Median Earnings:

The value of the distribution of earnings which divides the number of contributors into two equal parts, or the amount of earnings above which 50% of the contributors are located and below which the other 50% are located.

Définitions et terminologie

Cotisant :

Pour être cotisant au Régime, une personne doit être âgée d'au moins 18 ans, mais de moins de 70 ans, et ne pas recevoir une pension de retraite ou d'invalidité du Régime de pensions du Canada. De plus, les gains pour l'année doivent être supérieurs à 3 400 \$ ou à ce montant ajusté en fonction de la partie de l'année pour laquelle le particulier a été cotisant.

État relatif à l'emploi :

Un cotisant est considéré comme étant «salarié» si ses gains proviennent seulement de traitements et de salaires. Un cotisant ayant des gains provenant seulement d'un travail à son propre compte est classifié comme étant «travailleur autonome». Si un cotisant a des gains provenant à la fois de traitements et de salaires ainsi que d'un travail à son propre compte, il est classifié comme étant «mixte».

Cotisations :

En 1994, les gains cotisables étaient les gains compris entre 3 400 \$ et 34 400 \$, tant pour les travailleurs salariés que les travailleurs autonomes. Les travailleurs salariés versent une cotisation correspondant à 2,6% de leurs gains, et leurs employeurs en font autant. Les travailleurs autonomes ont un taux de cotisation de 5,2%. Ainsi, en 1994, la cotisation maximale payable par un employé était de 806,00 \$ et celle d'un travailleur autonome, de 1 612,00 \$.

Gains :

Revenus sur lesquels des cotisations au Régime de pensions du Canada ont été prélevées. Ces gains sont essentiellement des salaires et des traitements ainsi que des gains provenant d'un travail autonome. Les gains ne comprennent donc pas les revenus provenant d'investissements ou de pensions.

Moyenne des gains :

Moyenne des gains inscrits au registre des gains. Cependant, les cotisants dont les gains sont de 100 000 \$ ou plus sont considérés comme ayant des gains de 99 999 \$ pour le calcul de la moyenne.

Médiane des gains :

La valeur de la distribution des gains qui divise le nombre de cotisants en deux parties égales, ou le montant des gains au-dessus et au-dessous duquel se situent 50% des cotisants.

Age:

Refers to the age of the contributor at the end of the calendar year.

Province:

Many contributors have earnings in more than one province. To avoid multiple counting of these contributors, all earnings were considered to have been made in the province in which the greatest amount was earned.

The figures shown for the province of Quebec relate only to contributions of certain federal employees (members of Canadian Armed Forces for example) who reside in Quebec.

In the section presenting the distribution of the number of contributors by earnings level and by age, provincial details have not been included for Quebec, N.W.T., Yukon and "Outside Canada" because of the small numbers in these areas.

Âge :

L'âge utilisé est celui du cotisant à la fin de l'année civile.

Province :

Un grand nombre de cotisants ont des gains dans plus d'une province. Afin d'éviter de compter plus d'une fois ces cotisants, on considère que tous leurs gains ont été accumulés dans la province où ils ont gagné le plus.

Les données présentées pour la province de Québec concernent que les cotisations versées par certains employés fédéraux (par exemple, les membres des Forces armées canadiennes) résidant au Québec.

Dans la section présentant la distribution du nombre de cotisants par niveau des gains et par âge, les tableaux donnent les détails sur le Québec, les Territoires du Nord-Ouest, Yukon et l'extérieur du Canada ont été exclus en raison du petit nombre de cotisants dans ces régions.

(1) These figures are not representative of all the contributors in Quebec but only those who contribute to Canada Pension Plan; this note applies in every table in which Quebec appears.

Ces chiffres ne représentent pas tous les cotisants dans la province de Québec, mais seulement ceux qui cotisent au Régime de pensions du Canada; ceci s'applique à tous les tableaux où le Québec apparaît.

FOREWORD

The Canada Pension Plan (CPP) which came into force on the 1st of January 1966 is a contributory, earnings-related social insurance program. It ensures a measure of protection to a contributor and his or her family against the loss of income due to retirement, disability and death. The plan operates throughout Canada except in Quebec which has its own similar program the Quebec Pension Plan (QPP). The QPP is closely associated with the CPP and both plans are operated and coordinated through a series of agreements between the federal and Quebec governments. Benefits from either plan are based on pension credits accumulated under both, as if only one plan exists.

The CPP covers nearly all employed and self-employed persons in Canada (except Quebec) who are at least age 18, and under age 70 and not in receipt of a retirement or disability pension under the CPP and who earn more than a minimum level of earnings in a calendar year. This minimum level, which changes annually, is known as the Year's Basic Exemption (YBE). In 1995 the YBE was \$3,400.00.

Contributions are made on the portion of an individual's annual earnings above the YBE and up to a ceiling known as the Year's Maximum Pensionable Earnings (YMPE). The YMPE is approximately the average Canadian wage and was \$4,900 in 1995. The YBE is 10 percent of the YMPE.

From 1966 to 1986, employees contributed 1.8 percent of covered earnings and their employers paid a matching contribution. Self-employed persons contributed at the rate of 3.6 percent on the same range of annual earnings. Under current provisions of the CPP legislation, the contribution rates began to increase annually in 1987, by 0.1 percent for employees as well as employers and 0.2 percent for self-employed persons.

The rates of contribution will continue to rise in accordance with a 25-year schedule of rates which is reviewed and updated every five years by federal and provincial finance ministers.

AVANT-PROPOS

Le Régime de pensions du Canada (RPC), qui est entré en vigueur le 1^{er} janvier 1966, est un régime d'assurance sociale contributif fondé sur les gains. Il protège un cotisant et sa famille contre la perte de revenu attribuable à la retraite, à l'invalidité et au décès. Le Régime est applicable dans tout le Canada, à l'exception du Québec, qui a un programme similaire, soit le Régime de rentes du Québec (RRQ). Le RRQ est étroitement lié au RPC et les opérations des deux régimes sont coordonnées par une série d'accords entre le gouvernement fédéral et celui du Québec. Les prestations sont fondées sur les crédits de pension accumulés dans le cadre des deux régimes, comme s'il n'existait qu'un seul régime.

Le RPC s'adresse à presque toutes les personnes salariées ou travaillant à leur propre compte au Canada (sauf au Québec) qui sont âgées d'au moins 18 ans, mais de moins de 70 ans, et qui ne reçoivent pas une pension de retraite ou d'invalidité du RPC et dont les gains, au cours d'une année civile, dépassent le niveau minimal des gains prévu. Ce niveau minimal des gains, qui change chaque année, est appelé exemption de base de l'année (EBA). En 1995, l'EBA était de 3 400,00 \$.

Des cotisations sont prélevées sur la tranche des gains annuels d'un particulier compris entre l'EBA et un plafond prescrit qui est le maximum des gains annuels ouvrant droit à pension (MGAP). Le MGAP est approximativement équivalent au salaire moyen canadien, et il était de 34 900,00 \$ en 1995. L'EBA correspond à 10 p. 100 du MGAP.

De 1966 à 1986, les employés versaient une cotisation de 1,8 p. 100 des gains assurés et leur employeur versait une cotisation égale. Les cotisations des travailleurs autonomes s'élevaient à 3,6 p. 100, sur la même tranche des gains annuels. En vertu des présentes dispositions législatives du RPC, les taux de cotisation ont commencé à augmenter annuellement en 1987, soit de 0,1 p. 100 pour les employés de même que les employeurs et de 0,2 p. 100 pour les travailleurs autonomes.

Les taux de cotisation continueront d'augmenter graduellement dans le cadre du calendrier actuel de 25 ans des taux de cotisation qui est revu et mis à jour tous les cinq ans par les ministres fédéral et provinciaux des Finances.

In 1995, employees contributed 2.7 percent of covered earnings and their employer paid a matching contribution. Self-employed persons contributed at the rate of 5.4 percent on the same range of annual earnings.

Contributions to the Canada Pension Plan have been made by employees, employers and self-employed people since the Plan became effective in January 1966. These contributions, together with interest earned on the investment of contributions, completely finance all benefits and all costs incurred in the administration of the Plan.

Given the importance of the role of contributions to the CPP, it was felt that the publication of detailed statistics on contributors and contributions would be of value and interest to many.

En 1995, les employés ont versé une cotisation de 2,7 p. 100 de leurs gains assurés et leur employeur a versé une cotisation équivalente. Les travailleurs autonomes ont cotisé au taux de 5,4 p. 100 sur la même tranche des gains annuels.

Les cotisations au Régime de pensions du Canada sont versées par les salariés, les employeurs et les personnes travaillant à leur propre compte, depuis l'entrée en vigueur du Régime en janvier 1966. Ces cotisations et les intérêts sur l'investissement de ces cotisations financent entièrement les paiements des prestations et toutes les dépenses engagées pour l'administration du Régime.

Vu l'importance du rôle des cotisations au RPC, il est permis de croire à l'utilité et à l'intérêt que peut représenter la publication de statistiques détaillées sur les cotisants et leurs cotisations.

INTRODUCTION

The present publication is made available to all levels of government, social security organizations and the private sector.

In addition to the information on persons who made contributions to the Canada Pension Plan in the year 1995, this year's publication also contains historical data dating from 1966 on the most often requested information.

The data appearing in this publication were compiled as aggregates of records from the Canada Pension Plan Record of Earnings, which contains the information on the earnings and contributions of each contributor. Individual details are held in strict confidence.

The tables and graphs that follow include information on the number of contributors and the amount of contributions paid, distributed by sex, age, earnings level, employment status and by province. The information in these tables and graphs is taken from earnings data and should not be mistaken for contributor information available from income data, which includes other sources such as pensions, interest and other investment income.

The symbol (-) is used to denote a number less than three in the tables on the number of contributors, and nil or less than the number of digits used in the other tables.

Those persons whose age, sex and/or province is not known have been excluded from this publication. Those persons represent less than 0.0001% of all contributors.

INTRODUCTION

La présente publication est mise à la disposition de tous les niveaux de gouvernement, des organismes de sécurité sociale et du secteur privé.

En plus de présenter des renseignements sur les personnes qui ont contribué au Régime de pensions du Canada durant l'année 1995, la publication de cette année contient des données historiques datant de 1966 sur les renseignements les plus demandés.

Les données de la présente publication ont été compilées à partir de l'ensemble des inscriptions au Registre des gains du Régime de pensions du Canada; ce dernier contient les renseignements sur les montants des gains et des cotisations de chaque cotisant. Les renseignements particuliers sont strictement confidentiels.

Les tableaux et graphiques qui suivent contiennent des renseignements sur le nombre de cotisants et le montant des cotisations versées, selon le sexe, l'âge, le niveau des gains, l'état relatif à l'emploi et la province. Les renseignements fournis dans ces tableaux et graphiques sont tirés de données sur les gains et ne doivent pas être considérés comme provenant de données sur les revenus, qui comprennent d'autres sources telles que les revenus de pensions, d'intérêts et d'autres investissements.

Le symbole (-) est utilisé pour indiquer un nombre inférieur à trois dans les tableaux sur le nombre de cotisants ainsi qu'un nombre nul ou inférieur à l'unité utilisée dans les autres tableaux.

Les cotisants dont l'âge, le sexe et/ou la province de résidence ne sont pas connus ont été exclus de la présente publication. Ces personnes représentent moins de 0,0001% de l'ensemble des cotisants.

Definitions and Terminology

Contributor:

To contribute to the Plan, a person must be at least age 18, under age 70 and not be in receipt of a retirement or disability pension under the Canada Pension Plan. In addition, earnings for the year must exceed \$3,400 or this amount adjusted in line with the portion of the year the individual was a contributor.

Employment Status:

A contributor having earnings only from salary and wages is considered an "employee". Contributors having only earnings from self-employment are classified as "self-employed". If a contributor has both employment and self-employment earnings, he is classified as "mixed".

Contributions:

In 1995, contributions were payable on earnings between \$3,400 and \$34,900 for both employees and the self-employed. Employees contribute at the rate of 2.7% with a matching contribution being made by their employers. Self-employed persons contribute at the rate of 5.4%. Thus, in 1995 the maximum contribution payable by an employee was \$850.50 and \$1,701.00 by a self-employed person.

Earnings:

Earnings are essentially salaries from wages of employees and earnings from self-employment on which CPP contributions are made. Earnings do not include income from investments or pensions.

Average Earnings:

Average of the earnings shown in the Record of Earnings. However, contributor having earnings of \$100,000 or over are considered as having earnings of \$99,999 for the purposes of the average.

Median Earnings:

The value of the distribution of earnings which divides the number of contributors into two equal parts, or the amount of earnings above which 50% of the contributors are located and below which the other 50% are located.

Définitions et terminologie

Cotisant :

Pour être cotisant au Régime, une personne doit être âgée d'au moins 18 ans, mais de moins de 70 ans, et ne pas recevoir une pension de retraite ou d'invalidité du Régime de pensions du Canada. De plus, les gains pour l'année doivent être supérieurs à 3 400 \$ ou à ce montant ajusté en fonction de la partie de l'année pour laquelle le particulier a été cotisant.

État relatif à l'emploi :

Un cotisant est considéré comme étant «salarié» si ses gains proviennent seulement de traitements et de salaires. Un cotisant ayant des gains provenant seulement d'un travail à son propre compte est classifié comme étant «travailleur autonome». Si un cotisant a des gains provenant à la fois de traitements et de salaires ainsi que d'un travail à son propre compte, il est classifié comme étant «mixte».

Cotisations :

En 1995, les gains cotisables étaient les gains compris entre 3 400 \$ et 34 900 \$, tant pour les travailleurs salariés que les travailleurs autonomes. Les travailleurs salariés versent une cotisation correspondant à 2,7% de leurs gains, et leurs employeurs en font autant. Les travailleurs autonomes ont un taux de cotisation de 5,4%. Ainsi, en 1995, la cotisation maximale payable par un employé était de 850,50 \$ et celle d'un travailleur autonome, de 1 701,00 \$.

Gains :

Revenus sur lesquels des cotisations au Régime de pensions du Canada ont été prélevées. Ces gains sont essentiellement des salaires et des traitements ainsi que des gains provenant d'un travail autonome. Les gains ne comprennent donc pas les revenus provenant d'investissements ou de pensions.

Moyenne des gains :

Moyenne des gains inscrits au registre des gains. Cependant, les cotisants dont les gains sont de 100 000 \$ ou plus sont considérés comme ayant des gains de 99 999 \$ pour le calcul de la moyenne.

Médiane des gains :

La valeur de la distribution des gains qui divise le nombre de cotisants en deux parties égales, ou le montant des gains au-dessus et au-dessous duquel se situent 50% des cotisants.

Age:

Refers to the age of the contributor at the end of the calendar year.

Province:

Many contributors have earnings in more than one province. To avoid multiple counting of these contributors, all earnings were considered to have been made in the province in which the greatest amount was earned.

The figures shown for the province of Quebec relate only to contributions of certain federal employees (members of Canadian Armed Forces for example) who reside in Quebec.

In the section presenting the distribution of the number of contributors by earnings level and by age, provincial details have not been included for Quebec, N.W.T., Yukon and "Outside Canada" because of the small numbers in these areas.

Âge :

L'âge utilisé est celui du cotisant à la fin de l'année civile.

Province :

Un grand nombre de cotisants ont des gains dans plus d'une province. Afin d'éviter de compter plus d'une fois ces cotisants, on considère que tous leurs gains ont été accumulés dans la province où ils ont gagné le plus.

Les données présentées pour la province de Québec concernent que les cotisations versées par certains employés fédéraux (par exemple, les membres des Forces armées canadiennes) résidant au Québec.

Dans la section présentant la distribution du nombre de cotisants par niveau des gains et par âge, les tableaux donnent les détails sur le Québec, les Territoires du Nord-Ouest, Yukon et l'extérieur du Canada ont été exclus en raison du petit nombre de cotisants dans ces régions.

(1) These figures are not representative of all the contributors in Quebec but only those who contribute to Canada Pension Plan;

this note applies in every table in which Quebec appears.

Ces chiffres ne représentent pas tous les cotisants dans la province de Québec, mais seulement ceux qui cotisent au Régime de pensions du Canada; ceci s'applique à tous les tableaux où le Québec apparaît.
